

Bastyr University – Department of Midwifery Prerequisites for the Masters in Midwifery

This is a list of the prerequisites needed for the Masters in Midwifery. Prerequisites don't need to be completed before you apply, but do need to be completed before September 1st of the year you intend to start the program.

If you have questions about the prerequisites, please contact our admissions advisor at mwadvise@bastyr.edu. It is helpful if you fill this form out to the best of your ability before speaking with the admissions advisor.
