essential text on this topic,
When Survivors Give Birth.

Join maternity care and allied providers to focus on the least understood of pregnant clients.

- Advance your understanding of a common issue for childbearing women and families-- early trauma or abuse
- Expand your care practices for women at risk of poor childbirth outcomes
- Improve your response to women with emotional concerns about childbearing

Workshop includes 11.5 Bastyr University Continuing Education Contact Hours. Bastyr is a regionally accredited (NWCCU) institution of higher education.
